8. Statement of Risk. Farming is risky, and members of our CSA support our farm and assume some of that risk. If weather, pests, or other factors reduce yields, we will do utmost to provide apples to CSA members by, first, withholding apples from our other markets, and, second, giving out #2 grade apples. Nevertheless, it is possible, although unlikely, that we will not be able to provide you the expected amount of apples.

Please check here: I understand and agree
