Hello – we are very happy to bring you an opportunity to join a different type of CSA providing wholesome meats, eggs and more from family farms located in Southern Wisconsin. We know you will enjoy the variety of local products you can receive year around as a member of our Meat CSA.

What is a CSA? CSA stands for Community Supported Agriculture. Participants buy a "share" in a farm and receive a portion of the products produced by that farm. In our Meat CSA, you will receive products from three family farms located in Southern Wisconsin. Bures Berry Patch, Barneveld, provides the eggs; Country Haven Farm, Waterloo, provides the Lamb and Poultry; Marr's Valley View Farms, Mineral Point, provides the Black Angus Beef and the Pork.

Bures Berry Patch is located between Ridgeway and Barneveld, just off of Highway 151 on West Brigham Road. Farmers Ed and Kathy Bures established Bures Berry Patch in 2001 to provide you with locally grown, fresh, high-quality products in a family farm environment. Our laying hens provide the eggs for the Meat CSA.

Country Haven Farm is a 70-acre farm owned by Chuck and Anna Maenner. Nestled in the valleys of Southern Wisconsin, Country Haven Farm is located between Marshall and Waterloo on Canal Road. Using sustainable methods, we provide you with free range lamb and poultry. Our products are available only through the Meat CSA.

Marr's Valley View Farms, LLC is a 580-acre Black Angus Beef Farm that has been in the Marr family since 1874. Mike Marr and Lois Federman are the fourth generation, second consecutive brother-sister team to own and operate the family business. Located south of Mineral Point, Wisconsin, we proudly celebrate 138 years in 2012! In 1999 we began marketing our flavorful, tender beef and pork cuts directly to consumers via the Mineral Point Market and directly from the farm. We believe in providing wholesome, local products. Animals are grass and forage fed, receiving grain at finishing. They are always free to roam about as they wish. We do not administer or feed growth hormones. Antibiotics are administered only when necessary to maintain the health of the animal.

What will my family receive? Each delivery (once a month) you will receive a generous variety of seasonal meat products. We offer three primary CSA share sizes – Small, Medium, Large. Each of these shares sizes includes a balanced mix of Beef, Lamb, Pork and Poultry. A Small is about 1/2 of a paper grocery bag, Medium is about 3/4 of a paper grocery bag and Large would fill a paper grocery bag to the top. We also offer Ground Meats, Breakfast Meats, Eggs and Honey shares.

Choosing your share size: A Medium share seems to fit the needs of a couple or small family. If you cook a lot at home, or entertain, the Large share will get you through a month. If you eat out often or live alone, the Small share may be a good option. The Ground Meats share is perfect for families with children or as an add-on to the Small, Medium and Large shares. The Breakfast share includes all your favorite breakfast meats that can also be served for any meal. Don't forget to add an Egg share and sweeten your day with a Honey share.

What is the frequency? We offer our Meat CSA year round in two 6 month seasons. Members can join at anytime throughout the seasons. Deliveries for Summer-Fall subscriptions begin in May and occur once monthly for 6 months, ending in October. Deliveries for Winter-Spring subscriptions begin in November and occur once monthly for 6 months, ending in April.

How are products delivered? All Meat products are delivered frozen in a cooler according to USDA safe handling requirements for perishable foods. We are licensed as meat distributors and products are processed at local, family run inspected facilities.
